DESCRIBE THE DE	RESENT A ID OR	GINAL (If kne	OWD) PHYSICA	LAPPEARANCE			

The house is a two story, frame structure with a four bay main (east) facade. The doorway is in the second bay from the north. The house has had a central gable added; the gable does not align with the two central bays of the house, however, chimneys are positioned at the south end and between the first and second north bays. The north bay is probably a later addition.

On the south end, there is a shed-roofed addition.
